Words of Wisdom about Diners :

"Never be a food snob. Learn from everyone you meet - the fish guy at your market, the lady at the local diner, farmers, cheese makers. Ask questions, try everything and eat up!"

Rachael Ray (1968 -) American television personality, businesswoman, celebrity chef & author.

"A poet could write volumes about diners, because they're so beautiful. They're brightly lit, with chrome and booths and Naugahyde and great waitresses. Now, it might not be so great in the health department, but I think diner food is really worth experiencing periodically."

David Lynch (1946 -) American film director, television director, visual artist, musician, actor, and author.

"In America, diner food or roadside barbecue is the best road food, but I am not a fan of eating while driving - too messy."

Jose Andres Puerta (1969 -) Spanish American chef often credited for bringing the small plates dining concept to America
