Words of Wisdom about Barbecue :

"I've been on a team that won the world championship of barbecue. But barbecue's interesting, because it's one of these cult foods like chili, or bouillabaisse. Various parts of the world will have a cult food that people get enormously attached to - there's tremendous traditions; there's secrecy."

Nathan Myhrvold (1959 -), formerly Chief Technology Officer at Microsoft, is co-founder of Intellectual Ventures and the principal author of *Modernist Cuisine*.

"Another way I like to barbecue king salmon is as a whole fish stuffed, literally to the gills, with sweet onions, sliced lemons, and summer sage. "

Tom Douglas (1958 -) American executive chef, restaurateur, author, and radio talk show host.

"My favorite moments? Where it's all going swimmingly, the sun's out and I've got a fire going and a nice snake on the barbecue. "

Bear Grylls (1974 -) British adventurer, writer and television presenter. Widely known for his television series.
