### **Words of Wisdom From Stephen Hawking** (1942 - ) :

*“Look up at the stars and not down at your feet. Try to make sense of what you see, and wonder about what makes the universe exist. Be curious.”*

*“However difficult life may seem, there is always something you can do and succeed at.”*

*“Intelligence is the ability to adapt to change.”*

*“People won't have time for you if you are always angry or complaining.”*

*“I have noticed even people who claim everything is predestined, and that we can do nothing to change it, look before they cross the road.”*

*“I believe alien life is quite common in the universe, although intelligent life is less so. Some say it has yet to appear on planet Earth.”*
