Words of Wisdom About Vegetable Gardens:

“The flavour of something fresh out of the ground is 10 times better than something that's been flown halfway across the world.” Sheherazade Goldsmith (1974-) British environmentalist, author and columnist.

“I thought I'd love to be a gardener because I grew up with a vegetable garden and I love being close to the Earth and growing things. At my home in L.A., I have a great garden and I grow all kinds of things. I even have a worm farm! The worms help create organic compost out of kitchen scraps.” Curtis Stone (1975-) Australian celebrity chef, author and television personality,

“My goal involves a hammock, a vegetable patch, and a solar-powered house. And I hope to eventually get there.”

Miranda Kerr (1983-) Australian model. A Victoria's Secret Angel.
