News of the weird (actual stories from today's paper):

- Right now in development, Domino's new "DomiCopter" -- a drone that delivers pizzas. "In a recent test video, the contraption traveled about four miles in 10 minutes on a two-pizza delivery."
- 29-year-old Moses Wilson was stealing copper piping from a vacant rental home in Syracuse. He drank beer he found in the basement and police were able to match Wilson's DNA to DNA found on the cans.
- The Spanish village of Brunete mails dog poop back to the pet owners who left it behind in order to combat its considerable pet feces problem. Volunteers strike up a conversation with any offenders to obtain the name of the pooch and breed to match with town hall database.
