Words of Wisdom about The Month of March :

"It was one of those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade."

Charles Dickens (1812 –1870) An English writer and social critic.

"I like college football, but I'm a huge college basketball fan. I could sit and watch every game of March Madness and be happy. That could be a vacation."

Lewis Black (1948 -) An American comedian, author, playwright, social critic and actor.

"I still remember March 31, 1981, when a deeply disturbed John Hinckley Jr. took aim at President Ronald Reagan and fired shots that hospitalized the Commander-in-Chief and two others, and left his Press Secretary James Brady paralyzed for life."

Charles B. Rangel (1930 -) U.S. Representative for New York's 13th congressional district.

"There is a one-in-300 chance that Earth will be struck on March 16, 2880, by an asteroid large enough to destroy civilization and possibly cause the extinction of the human race. But, on the bright side, Prince could re-release his hit song with the new refrain 'We're gonna party like its twenty-eight seventy-nine.'"

Nathan Myhrvold (1959 -) Formerly Chief Technology Officer at Microsoft.
